

Twin Creeks Staff,

I would like to personally say Thank You for all of your effort during my recent rehabilitation. The entire staff was most courteous and understanding during my 12-day stay at your hospital. The physical and occupational therapists were truly interested in helping me recover my basic skills in a timely manner. They showed genuine compassion, but at the same time encouraged me to go to the limit each day. The nursing staff was considerate and always available when needed. I especially was impressed with the private rooms. My overall experience would allow me to highly recommend Twin Creeks Hospital to anyone that will be needing rehabilitation after surgery.

Sincerely,

Steve Lester
